

January 2026

DECLARATION

It is hereby declared that the copper tube **SMISOL® One**, manufactured by Serravalle Copper Tubes S.r.l. (SCT), is produced in accordance with the following standard:

- **EN 1057** – Copper and copper alloys – Seamless, round copper tubes for water and gas in sanitary and heating applications

SMISOL® One is made of phosphorus-deoxidized copper with a minimum copper content of 99.9% (CW024A – Cu-DHP).

The product is factory pre-insulated with a closed-cell polyethylene (PE-LD) foam sleeve, in compliance with **Regulation (EU) 2024/590** on substances that deplete the ozone layer and fluorinated gases.

During manufacture, the tubes are subjected to a treatment for passivation and stabilization of the internal surfaces, ensuring full compliance with European legislation on drinking water quality:

- **Directive (EU) 2020/2184** – Quality of water intended for human consumption

Due to these characteristics, **SMISOL® One** is suitable for the following applications:

- Distribution of potable water (hot and cold)
- Conveying of liquid and gaseous fuels
- Heating systems

The product shall be used in compliance with applicable national and local regulations.
